Curriculum Vitae

CV · MASTER'S APPLICATION

APPLICATION PROFILE / 学生与申请信息

文书类型	Curriculum Vitae / 学术简历	文书代码	CV
学生姓名	李雪 / Li Xue	项目编号	PRJ20260701001
性别 / 年龄	女 / Female · 22	联系电话	138****8888
本科院校	北京大学 / Peking University	本科专业	计算机科学 / Computer Science
本科 GPA	3.8/4.0	语言成绩	IELTS 7.5 · TOEFL 105 · GRE 330
申请院校	卡内基梅隆大学 / CMU	申请专业	人工智能 / MSAII
申请层次	硕士申请 / Master's	申请轮次	ED
文书版本	v1.2	导出日期	2026-08-27
状态	撰写中 / Drafting	编辑信息	张老师 · 2026-07-17 14:32

CURRICULUM VITAE

1. Profile

Name: Li Xue

Location: Beijing, China

Email: [To be synchronized from the student record]

Research Interests: Multimodal learning, natural language processing, medical image analysis, and robust representation learning with limited data

2. Education

Peking University — B.S. in Computer Science

Sep 2022 – Jun 2026 (Expected)

- GPA: 3.8/4.0; ranked in the top 5% of the program.
- Relevant coursework: Data Structures and Algorithms, Operating Systems, Machine Learning, Deep Learning, and Natural Language Processing.

3. Research Experience

National Undergraduate Innovation Program — Deep Learning-Based Medical Image Analysis System

Sep 2025 – Present

- Contributed to model design and core experiments for image-text representation alignment under limited-data conditions.
- Implemented training, evaluation, and error-analysis workflows in Python and PyTorch, with an emphasis on reproducibility.

4. Selected Project

Kaggle Multimodal Classification Challenge

Jun 2024 – Sep 2024

- Developed a multimodal feature-processing and classification pipeline and finished in the top 5% of participating teams.

5. Industry Experience

Baidu AI Lab — NLP Algorithm Intern

Jan 2025 – Aug 2025

- Worked on intent classification and slot filling for a production dialogue system.
- Improved intent-classification accuracy from 91.2% to 94.6% through iterative feature and model optimization.

6. Publications, Skills, and Honors

- Publications and intellectual property: co-author of two papers, including one ACL Workshop paper; one patent.
- Technical skills: Python, PyTorch, Git, deep learning, natural language processing, and multimodal modeling.
- Languages and tests: GRE 330; IELTS 7.5; TOEFL 105.
- Honors: National Scholarship and University First-Class Scholarship.
